Hi Karen and Ravi, looking through Norman Birchfield's ERC comments, he had a few comments on parts of the response to comments you worked on (I think under 3b, and 3c). I'm attaching his comments with some preliminary notes I've made.

## Ex. 5 Deliberative Process (DP)

He also had some comments on some text on the modeling from 2.2.2 (he tacked on his comments to the end of the RtC document).
